Professional Summary

A passionate and skilled full-stack developer specializing in frontend design and user experience. Expertise in the **MERN stack, React Native, and Next.js** with a strong interest in blockchain and SocialFi. Proven leader with experience in developing impactful user-centric applications and participating in sustainability-driven hackathons.

Education

B.Tech, Institute of Technical Education & Research
2022 - 2026 - 9.71
12th, College of Basic Science & Humanities
2020 - 2022 - 88.87%
10th, Saraswati Shishu Vidya Mandir
2020 - 87%

Projects

[Stackoverflow](#)

Built a StackOverflow clone using **Next.js**, **Clerk** for user authentication, and **Tailwind CSS** for responsive design. The platform enables users to post questions, provide answers, and vote on solutions, with a sleek UI and real-time interactions. Features include secure authentication, question search functionality, and dynamic voting, providing a seamless experience for developers.

[CampusBeat](#)

Developed a **React Native** app aimed at improving campus connectivity and engagement. Features include real-time notifications, event tracking, and a student forum.

[Causefundr](#)

Developed a blockchain-based crowdfunding platform with **Solidity** focused on sustainability and social impact. Implemented smart contracts for secure and transparent transactions, with dynamic fundraising features to enhance user engagement.

Skills

Frontend: **React.js**, **React Native**, **Next.js**

Backend: **Node.js**, **Express.js**, **REST APIs**

Database: **MongoDB**

Tools: **Git**, **VS Code**, **Figma**

Languages: **Java**, **JavaScript**

Achievements

I was awarded **1st place** in a competitive hackathon for the development of **CauseFundr**, a blockchain-based crowdfunding platform aimed at promoting sustainability and social impact. The project showcased my ability to integrate **Solidity** smart contracts for secure, transparent, and tamper-proof transactions. I also implemented dynamic fundraising features that enhanced donor engagement and allowed for real-time tracking of campaign progress, positioning the platform as an innovative solution in the socially responsible crowdfunding space.
